

## **RECORDS**

All times that a swimmer records in an ASA rules meeting are recorded onto the clubs computer, which is used by the selectors to finalise team selection. If you have no time your name will not appear so it is important that you enter at the very least the 4S Gala's

In the clubs alcove (to the left of the swimming pool entrance) you will find an array of club trophies which have been won by the club teams. You will also be able to see a list of the clubs swimming records for a 25m (Short Course) or 50m (Long Course) for both boys and girls.

There is also a PB chart which is updated monthly for swimmers to compare their progress with other swimmers in the same age group **Remember** – you should always check the club notice board in the club area every Friday night to see whether you have been chosen to swim for the club, there may also be other information there relating to you e.g. training sessions etc
